SEYMOUR, INDIANA, MONDAY SEPTEMBER 22, 1902

PRICE TWO CENTS

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Kidney Pills, and whose name is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

Who are nerve-tired and brain weary. Who are easily exhausted. Who are fatigued—cannot sleep. Who have nervous headache. They remove the cause of blood impurities, securing refreshing sleep and impart strength.

They build up people who find their strength and vigor waning. They settle irritated nerves, replace languor and lassitude with energy and animation. Cure Nervous Dyspepsia.

CAUTION—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of A. W. Chase, M. D., on each box. These and these only are the genuine. Do not be satisfied with anything bearing the name "Chase" without the initials A. W. so ets. of Druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

DETROIT HAPPY

Twice In Her History She Has Entertained Nation's Chief Executive.

ROOSEVELT IS THERE

The President Reaches Detroit Sunday Morning and Passed a Very Quiet Day of Rest.

Today He Is Busy With the Spanish War Veterans and Will Make Address.

Detroit, Mich., Sept. 22.—For the second time in his history Detroit is entertaining the chief executive of the nation. President Roosevelt arrived at 8 o'clock Sunday morning over the Michigan Central railroad and found Detroit awaiting his arrival in gala attire. Flags were flying, the city was bright with bunting, and pictures of President Roosevelt greeted the eye at every turn. Throughout the day crowds lined the streets about the Hotel Cadillac, anxious for a glimpse at the chief magistrate, and his appearance was always the signal for enthusiastic cheering. The weather was all that could be desired, being bright and warm, with a pleasant breeze stirring.

It was a restful day for the president, although his time was completely occupied by the program mapped out for him by the local arrangements committee. Immediately on his arrival he was driven to his apartments in the Hotel Cadillac. At 10:30 o'clock he attended services at the Fort Street

RUSSEL A. ALGER.

Presbyterian church, driving from there to General R. A. Alger's residence, where he was entertained at luncheon. He returned to the Cadillac soon after 3 o'clock, only to leave again in a short time for a drive about the city. During the drive he called at St. Mary's hospital on St. Antoine street, where Thomas K. Doherty, a local veteran of the Spanish war, is dying of consumption. Doherty had expressed a wish to see the president, and General Alger learned of it. Accordingly, at luncheon President Roosevelt was asked if he would call on Doherty. The president answered he would be delighted to do so. Doherty is unable to sit up, and the president remained at his bedside for some minutes, chatting with him and expressing words of cheer and hope. Last night the president dined at the Cadillac with a party of friends.

Today is proving a very busy day for the president. He addressed the convention of Spanish war veterans at 10 a. m.; at 11 o'clock he took a steamboat ride on the Detroit river, timed to return at 3 o'clock; at 4 o'clock he will review the parade of veterans and military, a unique feature of which will be the presence of the 21st regiment of Essex Fusiliers from Canada; at 8 p. m., he will attend the banquet of the veterans in Light Guard armory, where he will make the address of the evening. Tuesday the president and party will swing down through Indiana, the chief stop to be made at Indianapolis, where the Indiana Spanish war veterans are in convention.

Russia Wants Order.

Constantinople, Sept. 22.—The Russian ambassador to Turkey, M. Zinoviev, in the course of an audience with the sultan, called his majesty's attention to the Macedonian situation, and strongly urged that necessary measures be taken to improve it. The ambassador also referred in the most precise terms to the lack of order among the Albanians, who have fiercely resented the appointment of a Russian consul at Mitrovitsa, European Turkey.

Preached Five Thousand Times.

Princeton, Ind., Sept. 22.—Rev. J. E. Jenkins, a pioneer minister of the Cumberland Presbyterian church in Indiana, is dead, aged seventy-seven years. During his ministry he preached 5,000 times; conducted 1,000 funerals and married 500 couples. He was married five times.

Southern League Baseball.

Nashville, Tenn., Sept. 22.—The Southern League baseball season closed Sunday with New Orleans, Chattanooga and Memphis the winning team in the final games. Nashville secured the pennant and Little Rock is second.

ISSUES PRESENTED

The Indiana Republicans Enter On Earnest Speaking Campaign.

Indianapolis, Sept. 22.—A prominent Republican said today that the situation would take on an entirely different aspect within the next two weeks. "Up to this time," said he, "we have only been laying the preliminary plans and the impression has gone out in some quarters that the Democrats were stirring things up and might have a show of giving us a hard rub. But the campaign is now opened. The speakers are at it and the leaders who don't speak are following them and holding meetings of the precinct committees, who really have the burden of the work. The issues are now being presented and the organization is being strengthened for the finish. Just wait and see what two weeks of this will do. I venture the prediction that by that time the Democrats will be farther out of the running than they are now." The Republicans are satisfied with the attendance at the Saturday meetings.

There is no other place in the state now where the office of county councilman is of as much importance as it is in Newton county. For several years a bitter fight has been going on over the location of the county seat. It has attracted state attention even and has caused some party leaders to remain awake at night figuring the best way out. First Morocco wanted to take the county seat away from Kentland. Then Goodland wanted it, and then Brook. Kentland has it and does not intend to yield possession. Kentland defeated Morocco in an election to decide the question of the location. Then Goodland entered the lists, and to the surprise of everyone defeated Kentland by nine votes. But Kentland is still on top. The county council at a meeting last week refused to appropriate a single dollar to build a new courthouse at Goodland. Without a courthouse Goodland could not pose strong as a county seat. So the question that has agitated the minds of every taxpayer in the fertile county of Newton is up to the members of the county council, giving the office an importance it never had before. The question, however, may be taken into the supreme court, as the people of Kentland are just as determined as the people of Goodland.

Preparations were completed today for the reception of President Roosevelt in Indianapolis. The president will arrive at 11:20 tomorrow morning and will be the guest of honor of the Spanish-American war veterans' association, which is now in session. Col. Russell Harrison, son of the late President Harrison, has charge of the plans. Battery A will fire the president's salute when the special arrives. Several members of the president's party arrived here yesterday. General James B. Coryell, commander-in-chief of the association, was also a Sunday arrival. The association began its meeting at 10 this morning in the state senate chamber and was welcomed by Governor Durbin and Mayor Bookwalter. Word comes that elaborate arrangements have been made to receive the president everywhere he stops in the state.

A pathetic incident of the state fair almost escaped notice. Ex-Governor Taylor of Kentucky was the central figure in it. With two or three friends he was listening to one of Sousa's famous concerts when unexpectedly the great band, as an encore, struck up "My Old Kentucky Home." The strains of the familiar air burst forth with such feeling that everyone felt a thrill, but Taylor seemed almost carried away. He turned pale. He tried to sit through it, but he gave up and to escape if possible the memories of his own state, he hastily left the grandstand. Those who witnessed the incident and were cognizant of the situation, were touched by the impression the music made on the former Kentucky official, who now lives modestly in Indianapolis.

The Prohibs are making plans for a hot finish of the campaign. Speakers are becoming more numerous, while a large amount of literature is being sent out. An effort is being made to get thousands of men to pledge themselves to vote the Prohibit ticket. Chairman Masters states that tickets have been nominated in all counties except Adams, Benton, Brown, Dubois, Owen, Perry, Porter, Pulaski, Switzerland and Starke.

Senator Albert J. Beveridge, bronzed by the mountain air of California, arrived here last night from South Bend, where he opened the campaign for the Republicans Saturday. He never looked in better health, the long vacation having proved of great benefit. He made a number of speeches en route home from the West, and beginning the latter part of this week he will make on an average of two speeches a day until the close of the campaign.

Died At Funeral.

Danville, Ind., Sept. 22.—Mrs. Barney Osborn, near Hadley, this county, while taking a last look at the remains of Mrs. Mary Coffin, dropped to the floor unconscious and died in a few minutes. Her death was the result of heart disease.

Killed By Train.

Rushville, Ind., Sept. 22.—Ernest Young, twenty years old, of Anderson, was mangled and killed by the wheels of a freight train he attempted to board at Milroy.

SCENE OF TERROR

Elephant Breaks Loose At Vincennes and Drives Woman Insane.

BIG BRUTE UPSET BED

Star Attraction of Carnival Company Goes On a Rampage and Breaks Into a Dwelling.

Mrs. Duncan and Children Were Thrown From Bed and the Woman Was Crazy By Fright.

Vincennes, Ind., Sept. 22.—The big elephant with the Bostock show at the Elks' carnival broke out of his stable last night and at the home of Clarence Duncan, a candy manufacturer, broke through a window, and, with his trunk, upset a bed in which Mrs. Duncan and children were sleeping. One of the children he picked up and hurled across the room. The elephant then mounted a porch and broke down the door of Duncan's dwelling before his keeper subdued him. Mrs. Duncan, who is in a delicate condition, went insane from fright and is in a critical state.

MIGHT STAY DEAD

For All This Wife Cared For Thoughtless Wanderer.

Kokomo, Ind., Sept. 22.—Rev. Geo. Hardiman, the colored minister reported killed in the Boer war, but who has just reappeared at home alive and well, met with a big surprise himself when he knocked at the door of his wife's home. Mrs. Hardiman on learning of the arrival of her supposed dead husband, barred the doors against him and refused him admittance. "Here I have been washin' and scrubbin' and wearin' mournin' for you for two years and you not even written, sayin' nothin' of no sendin' money home. You're dead to me an' you can jist stay dead!" Hardiman tried to explain, but to no avail. Mrs. Hardiman has filed an application for divorce and \$1,000 alimony. She also asks for the custody of their children.

Risky Business.

North Vernon, Ind., Sept. 22.—While Fred Knapp, twenty-one years old, of Elwood, Ind., was sitting in the residence of Jacob Bertram, watching Bertram's son illustrate how a revolver is twirled in the army, he was perhaps fatally wounded by an accidental discharge of the weapon. The ball passed through the fingers of his left hand, entered the right side of the abdomen and continued diagonally toward the left groin. Physicians have been unable to determine whether or not the bowels are perforated, but it is announced that Knapp is seriously injured.

Bravery Rewarded.

Logansport, Ind., Sept. 22.—Morris Callahan, night depot agent of the Adams Express company, who successfully foiled the attempt of robbers to hold the office up one night several weeks ago, has been handsomely rewarded for his bravery. The company sent him a check for \$250 and gave him a month's vacation with railroad transportation, which will enable him to put in all of the time traveling about the country. At the time of the attempted hold-up there was more than \$100,000 in the company's safe.

Probably Fatal Wrangle.

Logansport, Ind., Sept. 22.—In a wrangle with Will Moore and Elmer Koble Perry Jones, a colored cook and ex-prize-fighter, was shot through the abdomen and probably fatally injured. Jones is cook in the Murdoch hotel and the boys mentioned are porters. It appears that Jones objected to the porters talking to the dish-washers and that he attacked the young men and tried to put them out. Koble declared he shot Jones to save his own life.

Ghouls at Work.

Indianapolis, Sept. 22.—Information from a mysterious source resulted last night in discovering at the dissecting rooms at the Central College of Physicians and Surgeons the body of Mrs. Rose Neidinger, 23 years old, buried in the Pleasant Hill cemetery on Aug. 20. The body was positively identified by the woman's husband. This is the second such discovery at that college within a week.

Killed By Falling Tree.

Windfall, Ind., Sept. 22.—Wilson Hollingsworth, seven miles northwest of this city, was killed while falling timber. The limb of a large tree was thrown back, knocking the top of his head off. He was forty years old and leaves a widow and one child.

Dynamiter Sentenced.

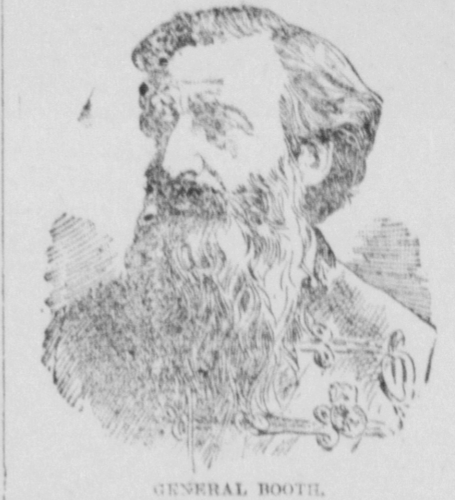

Decatur, Ind., Sept. 22.—Charles Augerman, who attempted to blow up the county infirmary with dynamite a short time ago, has been sentenced to the Michigan City prison for two to four years.

Took Wrong Medicine.

Evansville, Ind., Sept. 22.—Morphine, mistaken for headache powders, caused the death of Anthony S. Baner, a prominent old citizen of Evansville. Baner leaves a widow and three children.

BOOTH COMING

General of Salvation Army Will Visit America. London, Sept. 22.—General Booth conducted three farewell services at the Chapel Congress hall Sunday. Three thousand Salvationists bade the general good-bye at the evening service, when he expressed a decision to convey messages of affectionate regard from them to Canada and the

GENERAL BOOTH.

United States. The general asked those present to send a message that their American brethren, with the people of Great Britain, might stand up before the world as friends of the human family, and that these two great nations should work shoulder to shoulder for the peace and happiness of the world. A mighty shout of amen and a forest of waving hands greeted General Booth's words.

CAUSE FOR MOURNING

Disaster At Negro Baptist Convention Grows.

Birmingham, Ala., Sept. 22.—Sunday was a day of funerals in Birmingham, the remains of thirty-eight victims of the panic in Shiloh church being interred in the various cemeteries for negroes around the city. All of the negro churches were crowded and the naturally excitable nature of the Southern negro was wrought to a high pitch by the eulogistic sermons over the dead bodies at the various churches.

The death-list is now known to number 105 and 100 of these have been identified. The police assert that in addition at least five bodies were taken to private houses. This would swell the number to 110. All of the dead negroes identified are residents of Birmingham except George Wright, who is said to be from Savannah, Ga.

In nearly all of the churches for whites sums were raised to assist the negroes who are unable to give their dead proper burial, and with amounts contributed by wealthy citizens, a burial fund aggregating \$500 has been accumulated.

MAY HOLD COAL UP

Railroaders Confer Regarding the Hauling of Non Union Coal.

Wilkesbarre, Pa., Sept. 22.—The brotherhood of railway trainmen employed on all the railroads centering in Wilkesbarre held a secret meeting at Kingston Sunday. The object of the meeting was to take some action on the question of brotherhood men hauling coal from the mines where non-union men are employed. It is understood there was lengthy discussion over the matter. The only information that would be given, however, was that a resolution had been adopted requesting the secretary of each local division to write a letter to Grand Master P. H. Morrissey, requesting him to come here at once.

General Knox Returns.

Washington, Sept. 22.—Attorney General Knox returned to Washington Sunday after his trip to Paris, where he conferred with officials regarding the sale of the Panama canal property to the United States. Mr. Knox devoted his time to questions affecting the title of the company and its right to dispose of the same, and has considerable data on the subject. From this he will prepare an opinion for the president, and, pending that, declines any statement on the matter for the press.

He Was Jealous.

Johnstown, Pa., Sept. 22.—David M. Guchner, a well-known young man, shot and seriously wounded Miss Leonora Wheeler, aged seventeen years, near her home in Conemaugh, near this city, Saturday night, and then sent a bullet into his own heart, dying instantly. Jealousy and a desire for revenge are given as the causes for the act.

Fell Over Precipice.

Geneva, Sept. 22.—Two French tourists, two guides and three porters, who were making an ascent of Mont Blanc, have fallen over a precipice, and it is feared that they were all killed.

A SUSPECT HELD

Rhode Island Police Have a Man Believed to Be Young.

TRAIL CLOSING DOWN

William Hooper Young, Alleged Murderer of Mrs. Pulitzer Thought to Have Been Located.

New York Police Have Been Busy Chasing Clues to Whereabouts of Missing Man.

Derby, Conn., Sept. 22.—A man who tallies exactly with the description of Hooper Young, who is wanted by the New York police for the murder of Mrs. Annie Pulitzer, was arrested by the local police last night. The man is held here awaiting instructions from Captain Titus.

New York, Sept. 22.—The search for William Hooper Young, grandson of Brigham Young, the former Mormon prophet, the man wanted for the murder of Mrs. Joseph Pulitzer, whose mutilated body was found floating in the abandoned Morris canal near Jersey City Thursday morning last, has

WILLIAM HOOPER YOUNG.

thus far been unavailing. The police forces of this and the surrounding boroughs have been bending all energies and running down all clues which come to them to locate Young.

The latest development comes from Brooklyn, and it leads the police to believe that the fugitive has escaped to the vicinity of Canarsie, L. I. Captain Titus of the detective bureau is inclined to believe that Young, finding all avenues of final escape cut off, has fled to this spot on the Long Island coast to commit suicide. The captain ordered a special force of detectives to Canarsie to conduct a thorough search of the neighborhood.

The story of this clue is that late Saturday night the man supposed to have been Young was seen in a lodging house in Brooklyn. When he applied for a room he was told there was none vacant, and he was forced to be satisfied with a chair. Soon afterward he became nervous and arose to his feet. Some of those in the room rose simultaneously. Then the stranger dashed down the back stairs of the hotel to the yard, with some of the lodgers after him. Vaulting the back fence, closely pursued, the fugitive fled up the street. The pursuers gaining upon him, the stranger halted, drew a revolver and brought the lodgers to a stand. Turning again he caught sight of a streetcar bound for Fulton street, and raced for it. Before the lodgers came up the car with the fugitive on board was blocks away.

The above story was told Captain Titus early Sunday and last evening he received a corroboration of it. This was that at 3:30 o'clock in the morning a man resembling Young had been seen in Canarsie. Captain Titus' informant told him that the man seemed all worn out; that he looked fatigued and almost exhausted. The captain added that Police Captain Short of Canarsie and all his force were searching the country thereabouts for the man. The captain said, however, that he feared they would succeed only in case the man were really Young, in finding his dead body, as he is of the impression that Young would commit suicide.

Saved His Mother.

Woonsocket, R. I., Sept. 22.—Because he desired to protect his mother from violent treatment at the hands of her husband, and fearing also that his own life was in danger, William C. Bonin, aged twenty years, shot and killed his father, John B. Bonin, aged forty-two years, Sunday afternoon. After the shooting Young Bonin waited until the officers, who had been called by his mother, came for him. He said it was better for his father to be dead than to be guilty of the crime of killing his wife and then himself, as he had often threatened to do.

No Friction.

Panama, Colombia, Sept. 22.—As far as can be learned in Panama there has been no friction whatever between soldiers of the Colombian government and the American bluejackets who are guarding the railroad line.

ALL IS SERENE

New York Republicans Will Have Harmonious Convention.

Saratoga, N. Y., Sept. 22.—Not in many years has there been two days prior to the assembling of a New York state Republican convention such placidity as exists today. Undoubtedly this is because by far the majority of the selections for the state ticket have been practically agreed upon. Governor Odell will, of course, be renomina-

ed. The contest for Lieutenant governor practically ended when it was announced that the delegations from New York, Westchester and Erie counties had decided to go into the convention pledged for George R. Sheldon.

There is little or no platform talk today. The planks on the trusts, tariff and canals are the only ones that cause any discussion, the tax question having been generally outlined in speeches of Governor Odell. There has not as yet been anything definitely decided on the trust plank except that while condemning certain combinations of capital, there will be no appeal to congress for drastic legislation. This statement is on the authority of Mr. Platt, who added that the draft of the plank was not complete. On the tariff question the indications are that a very definite stand will be infinitesimal as compared with ground that the benefit to be gained will be infinitesimal as compared with the injury that will be done American industries and American workmen by an opening of the question of revision. Nearly all the party leaders are here. A great deal of the detail of the convention has been arranged. Lemuel E. Quigg, who is to be temporary chairman, and Senator Ellsworth, who is to be permanent chairman, arrived this morning.

COST OF WAR

Big Slice of It Will Fall On South African Colonists.

London, Sept. 22.—The government has decided that the new South African colonies are to be required to pay \$500,000,000 toward the cost of the South African war. The colonies are, however, to be allowed ample time in which to make this payment; it will not be collected until the extension of trade and expansion of revenue permit. Consequently the loan will not be floated for two or three years. Mining profits will probably be taxed 10 per cent more than they were before the war, and money will also be obtained by granting all kinds of concessions and mineral rights.

We Know What

Is going to happen to the little boy who is stuffing himself with green apples. A grown man couldn't be induced to try that expiring remedy, and yet the grown man will overload himself with indigestible food for which he will pay a greater penalty than colic. It is this careless and thoughtless eating which is the beginning of stomach trouble and all its painful consequences.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other forms of "stomach trouble." It restores the weak and run-down man or woman to sound health.

"Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. E. F. Cingars, of Minneapolis, Minn. "When first I commenced taking your remedies I was under treatment of a well-known specialist in this city (and had been for four months), for catarrh, and especially stomach trouble, and I was rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly, and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I commenced to improve, and decided to continue the medicines and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am, and yet the grown man will overload himself with indigestible food for which he will pay a greater penalty than colic. It is this careless and thoughtless eating which is the beginning of stomach trouble and all its painful consequences."

Dr. Pierce's Pellets cure biliousness and sick headache.

WE WISH EVERYBODY TO KNOW

WHY WE LEAD ON PRESCRIPTIONS

BECAUSE—It is the important part of our business, and at all times receives our most careful attention
BECAUSE—We fill so many of them that our stock is always fresh and pure, besides being comprehensive and complete.
BECAUSE—Our system of compounding and re-checking from the doctor's original order insures absolute accuracy.
BECAUSE—Our charges are always right and reasonable, being based simply on exact value of ingredients and time consumed. They are never "guessed at." All are treated alike.

Victoria Got Her Primrose.

"The following little anecdote, told by Queen Victoria herself, will show her independence of character," says a writer in The Century. "Very fond of primroses and finding none in the royal gardens, she sent word to have some planted. The gardeners, the queen said, made many objections, and finding shortly afterward that her wishes had not yet been carried out, she dispatched a messenger inquiring the reason. 'I suppose Queen Anne had none,' she said, 'so they did not think it proper for me to have any, but I sent them word promptly that Queen Victoria would have some—and she did!'"

Caution!

This is not a gentle word—but when you think how liable you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1808 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boscche's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. Sold by all druggist in the civilized world.

A SERPENT'S APPETITE.

His Meal of a Rubber Boot Was a Disastrous One.

From a gentleman who was at one time a resident of Brazil comes a remarkable story about a snake that he encountered in the woods one day which followed him with much persistence.

"Sitting on a stump, I became aware of the approach of a huge snake," writes this gentleman. "He must have been fifteen feet in length. There was no doubt the snake was about to attack me."

"Without hesitating for a moment I discharged my two barrels. For a short time the reptile raged furiously, and I climbed a nearby tree. I had hardly reached the first boughs when I saw the snake approaching the tree, and it climbed up behind me."

"Higher and higher I went. Higher and higher came the serpent. My heavy rubber boots were a great drawback to my climbing, so I tried to get rid of them. I took one off and dropped it, and just as I had the second in my hand the snake reached me, and I, in my desperation, tried to shield myself with the rubber boot."

"Then the snake made a dash and, getting hold of the boot, turned and descended the tree. I was saved, but I had not the courage to leave the tree before my friends arrived. I told them of the adventure I had and rode home minus one rubber boot. Of his snake ship nothing could be seen."

"A few weeks later on another hunting trip we found in the road a big dead snake, terribly swollen. We cut it open and found, to our astonishment, my rubber boot not in the least injured."—New York Times.

NATURAL HISTORY.

Thoroughbred dogs are less intelligent than mongrels.

A full grown elephant can carry three tons on its back.

The horse has no eyebrows.

There are 4,500 muscles in the body of a moth.

The Dorking fowl is the only living bird which in its adult condition possesses a five-toed foot.

The largest bird of prey in the old world is the lammergeier, or bearded vulture, which has a wing expanse of nine to ten feet.

Comparatively few horses attain to seventeen hands, but Kansas boasts of one that measures twenty hands and weighs 2,412 pounds.

Wasps may often be observed detaching from fences, boards or any old wood the fibers, which they afterward manufacture into paper mache.

The smallest of British animals is the harvest mouse, which makes a globular nest in wheatfields. A full grown specimen weighs half an ounce.

The First Iron Ship.

The first iron ship has more reputed birthplaces than Homer. Both the Clyde and the Mersey claim pre-eminence in this respect. Sir E. J. Robtson of Edinburgh designed an iron vessel in 1816, which was not launched till three years later, and it is said that an iron boat was worked on the Severn even as far back as 1757. Steel was not used in the construction of merchant ships' hulls until 1859. Old salts were not alone in their belief that wood was meant by Providence to float, but iron to go to the bottom. A naval constructor of some repute once said: "Don't talk to me of iron ships. They are contrary to nature." Now none but small craft are built of wood in this country.—Chambers' Journal.

Soothing.

Li Hung Chang had beyond all doubt an iron will and a very unsentimental heart. Once when he was viceroy of Chili a man who had tampered with a telegraph wire was brought before him. The man wrung his hands and begged for mercy, saying that he would never touch the wire again.

"Don't be vexed, my good fellow," said Li, "or trouble yourself any further about the matter. I shall take care that it does not happen again."

Then he turned to the jailers and gave the order, "Cut off his head!"

Nice For Lovers.

"If I am not too presumptuous," said the young clerk, "I will ask you to look at our new typewriter, especially adapted for writing love letters."

"Oh," exclaimed the blushing maid, "is there any difference?"
